

TRANSPORT PERMIT CONDITIONS: LARGE PELAGIC LONGLINE FISHERY

2024/2025 FISHING SEASON

1. This permit shall be valid for the period indicated in Section A (“the permit”).
2. The shortest possible route must be followed from the landing point to the fish processing establishment as reflected on the permit to transport fish.
3. No fish shall be loaded or off-loaded at any point between the landing site(s) and the specified fish processing establishment(s).
4. All conditions as stipulated by the National Regulator for Compulsory Specifications (NRCS) must be strictly adhered to.
5. This permit shall at all times be available for inspection by the local Fishery Control Officer, Police Officer or any other Officer appointed by the Minister.
6. Only the following fish may be transported: tuna, swordfish, sharks ((excluding hammerheads, thresher, silky, oceanic whitetip, dusky, requiem (Carcharhinus) manta- and mobulid rays and porbeagle sharks)) billfishes and gamefish (wahoo, dorado, oilfish and other fish species reflected in the large pelagic longline catch permit).
7. This permit automatically expires once the validity period expires.
8. The Director: **Offshore and High Seas Fisheries Management** (D: OHSFM) shall be entitled to amend these permit conditions after consultation with the relevant stakeholders.
