

WORKSHOP D

UNDERSTANDING OTHER GOVERNMENT IMPERATIVES – ENVIRONMENT PROTECTION VS SERVICE DELIVERY

“The EMI Evolution: Unlocking the Potential”

WORKSHOP OVERVIEW:

Growing the economy of South Africa while promoting sound environmental management is one of the greatest challenges facing South Africa's environmental compliance and enforcement regime. In addition to this, the Government faces a myriad of priority situations, the most pressing of which is service delivery related. Within this context, the Inspectorate seeks to achieve a balance without compromising the mandates and/ or the integrity of the legislative provisions which forms its existence. This workshop will highlight the work of the Inspectorate within sectors which are at the forefront of these issues.

OUTCOMES:

Understanding other government priorities will assist the Inspectorate in aligning priorities to achieve a high level of compliance to environmental legislation in order to facilitate/ promote sustainable environmental governance.

Who should attend?

EMIs/ Delegates who regularly interact with other Organs of State.
