NATIONAL ENVIRONMENTAL MANAGEMENT: WASTE ACT, 2008 (ACT NO. 59 OF 2008)**CONSULTATION ON APPLICATIONS RECEIVED FOR THE EXCLUSION OF WASTE STREAMS OR A PORTION OF SUCH WASTE STREAMS FROM THE DEFINITION OF WASTE FOR THE PURPOSES OF BENEFICIAL USE**

I, Barbara Dallas Creecy, Minister of Environment, Forestry and Fisheries, hereby withdraw the previous notice published under Government Notice No. 535 in the *Government Gazette* No. 42376 of 3 April 2019.

Under regulation 6(3) of the Waste Exclusion Regulations, 2018 (published under Government Notice No. 715 in *Government Gazette* No. 41777 of 18 July 2018), read with sections 72 and 73 of the National Environmental Management: Waste Act, 2008 (Act No. 59 of 2008), I am required to consult on my intention to take a decision on applications received in terms of regulation 5 of the Waste Exclusion Regulations, 2018. This regulation regulates the application process for the exclusion of certain waste streams or a portion of such waste streams from the definition of waste for the purposes of beneficial use as indicated in the Schedule hereto.

The criteria for exclusion of a waste stream or portion of a waste stream from the definition of waste can be found in regulations 7 and 8 of the Waste Exclusion Regulations, 2018. The exclusion of these waste streams/portion of waste streams, if positively considered, will only apply to the facilities for which they have been applied for. Where a waste stream or a portion of a waste stream has been excluded from the definition of waste in terms of the Regulations, such a waste stream or a portion of a waste stream must be managed in terms of a risk management plan

The risk assessments and risk management plans, submitted by the applicants as required by regulation 7(b) of the Regulations, demonstrate that the intended beneficial use of the waste intended to be excluded can be managed in such a manner so as to ensure that it will not result in significant adverse impacts on the environment. The risk assessments and risk management plans can be found at: https://www.environment.gov.za/legislation/gazetted_notices/intentiontoexclude_wastestreaorportion_fo beneficialuse

Members of the public are invited to submit to the Minister, within 30 days from the date of the publication of the notice in the *Gazette*. Written representations or objections can be sent to the following addresses:

WARNING!!!

To all suppliers and potential suppliers of goods to the Government Printing Works

The Government Printing Works would like to warn members of the public against an organised syndicate(s) scamming unsuspecting members of the public and claiming to act on behalf of the Government Printing Works.

One of the ways in which the syndicate operates is by requesting quotations for various goods and services on a quotation form with the logo of the Government Printing Works. Once the official order is placed the syndicate requesting upfront payment before delivery will take place. Once the upfront payment is done the syndicate do not deliver the goods and service provider then expect payment from Government Printing Works.

Government Printing Works condemns such illegal activities and encourages service providers to confirm the legitimacy of purchase orders with GPW SCM, prior to processing and delivery of goods.
