CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

1. PURPOSE

- 1.1 To appoint a service provider to develop an EP operational policy and procedure manuals including the youth focus project framework for the implementation of public employment programmes within the Environmental Programmes Branch.

2. INTRODUCTION AND BACKGROUND

- 2.1 The mandate of the Department of Forestry, Fisheries and the Environment (DFFE) is provided for in section 24 of the Constitution, which states that “everyone has the right (a) to an environment that is not harmful to their health or wellbeing; and (b) to have the environment protected, for the benefit of present and future generations, through reasonable legislative and other measures....”. The DFFE falls under the Environment and Culture Sector of the Expanded Public Works Programme (EPWP) and plays a leading role within the sector by virtue of its Constitutional and legal mandate. DFFE is responsible for coordinating the implementation of EPWP within the Environment and Culture Sector (EAC), using labour-intensive methods which target the unemployed, and create employment opportunities for youth, women, people with disabilities and Small to Medium Size Enterprises (SMMEs) throughout the country. Therefore, the main strategic objective is to achieve the immediate social benefits, while at the same time generating sustainable outputs and outcomes in the field of environmental conservation.
- 2.2 In 2012, two programmes were merged under the auspices of the then Department of Environmental Affairs (DEA) where the branch Environmental Programmes (EP branch) was established. Then two Programmes, namely, Natural Resource Management (NRM) from the then Department of Water Affairs and Forestry (DWAF) and the Environmental Protection and Infrastructure Programmes (EPIP) from the then Department of Environmental Affairs were merged to form the EP branch. This resulted in the formation of a new component within the branch which was to be responsible for the information management named the Information Management and Sector Coordination (IMSC). These programmes are funded under the auspices of the Expanded Public Works Programme, to pursue the EPWP objectives of poverty alleviation through providing employment to the unemployed, building the skills base for the unskilled, support and development of the small businesses (SMMEs).

- 2.3 The EP branch, within the DFFE is responsible for identifying and ensuring implementation of programmes that employ EPWP principles to contribute towards addressing unemployment in line with the “decent employment through inclusive economic growth” outcome, by working with communities to identify local opportunities that will benefit the communities.
- 2.4 The main goal of the programme is to alleviate poverty, contribute to reducing unemployment and uplift households especially those headed by women through job creation, skills development, and use of Small Medium and Micro Enterprises (SMMEs) whilst contributing to the goals and objectives of the department.
- 2.5 The EP branch has 15 sub-programmes (currently under review) as outlined in the table below:

Table 1: Sub-programmes implemented by the Environmental Programmes branch

Environmental Protection and Infrastructure Programmes (EPIP)	Natural Resource Management (NRM)
Working on Waste	Working for Water
Working for the Coast	Working for Ecosystems
Working for Land	Working for Forests
Greening & Open Space Management	Value Added Industries (e.g. Eco-Furniture Programme, Biomass Building Materials Energy)
People & Parks	Working on Fire
Biodiversity Economy	Working for Wetlands
Youth Empowerment programmes	Biosecurity
	Youth Empowerment programmes

3. PROBLEM STATEMENT

- 3.1 The EP programmes have over the years evolved in terms of design, implementation and overall governance. Individualised programme policies exists which brings about complexities in the effective programme management and governance. The current context requires a programme policy, which will provide a coherent approach with regards to the current evolving developments. The policy must ensure that the design and implementation of the programmes are in line with Government legislative instruments and improve/strengthen programme governance and accountability.

4. OBJECTIVES
