### **NOTES: YOU MUST READ THESE**

1. This Application Form is current as of 30 November 2022. It is the responsibility of the Applicant / Environmental Assessment Practitioner ("EAP") to ascertain whether subsequent versions of the Application Form have been published or produced by the competent authority. Note that this Application Form replaces all the previous versions. This updated Application Form must be used for all **new** applications, even if a similar application was previously submitted to the Department.
2. This document is divided into the following sections and **all sections must** be completed in full:
  - Section A: Applicant Details
  - Section B: Proposed Access and Activity Information
  - Section C: Duration of Access Required
  - Section D: Vehicle Details
  - Section E: Effect on the Environment
  - Section F: Rights of the Public
  - Section G: Mitigation and Monitoring Measures
  - Section H: Assumptions and Uncertainties
  - Section H: Recommendations of the EAP
  - Section I: Appendices
3. Please ensure that all the necessary information required as annexures or attachments to this application are provided to facilitate the consideration of your application. Applications must be

submitted to the address listed on Page 1 of this Application Form.. Applications not containing the required signature(s) shall not be considered by the relevant authority until such signed document(s) has / have been received.

4. The required information must be typed within the spaces provided. The sizes of the spaces provided are not necessarily indicative of the amount of information to be provided. The space provided extend as each space is filled with typing. A legible font type and size must be used when completing the form. The font size should not be smaller than 12pt (e.g. Arial Narrow 12). A digital copy of the Application Form is available on the Department's website (details on Page 1).
5. The use of "not applicable" in the Application Form must be done with circumspection and all fields must be completed. It is essential to answer all relevant questions to ensure that the application can be properly assessed. Failure to fully complete the Application Form could result in a request for further information, which could cause unnecessary delays in the processing of the application.
6. Unless protected by law, all information contained in and attached to this Application Form will become public information on receipt by the competent authority. If the application is completed by a third party (such as a consultant or legal representative), then this third party's details must **also** be provided as required in this application.
7. The Environmental Plan to be submitted as an appendix to the application form must include information on the following minimum public commenting process:
  - Comments from individuals living / owning property within a 100 m radius of the proposed area where vehicle access is sought. Please note: the 100 m radius applies to all access points as well as the entire extent of the area to be accessed.
  - Comments from relevant provincial and local authorities, the managers of any coastal protected area and any other within which or adjacent to which the proposed vehicle access will occur.
  - Proof that comment was requested from all interested and affected parties by placing a notice on a relevant local municipal notice board(s) or notice of a public open day(s) was widely broadcasted and that a public open day was held (if applicable).

Please note: either a notice on a municipal notice board or a public open day can be held. Where notice is placed on a municipal notice board, a 5 (five) calendar day commenting period must be used as a minimum. Where an open day is held, the commenting period may be open until all interested and affected parties identified in bullets 1-3 above have provided comment (the commenting period may, however, be closed after 5 (five) days.
8. The Department will submit your completed application for comment to the relevant provincial authority and / or manager of a protected area if your application affects a protected area. This is due to the co-operative governance requirements of the Constitution of the Republic of Africa. . The Department will, in consultation with the relevant authority(ies), endeavour to process your application within a reasonable period of time, defined as 60 (sixty) working days, subject to inclusion of all the information required in the application form. You are therefore requested to submit your application form **at least 60 (sixty) working days prior** to the date on which you propose to use a vehicle(s) in the coastal area.
9. The timeframes stated in paragraph 7 above only commences once all required information requested in this Application Form have been submitted to the Department and includes a duly completed Application Form.

10. Additional information may be requested at any time during the application process if incomplete information was submitted or if new information requiring further investigations or information comes to light during consultation with the relevant authority(ies) or site visit(s).
11. If applicable - please note that on expiry of the previous permit issued to you, you must return the original certificate(s) issued with that permit, at your own cost, to the Department within 10 (ten) working days of the expiry of that permit.
12. Permits for carrying on an organised recreational sport fishing competition in terms of regulation 6(1)(g) requires the payment of an application fee as published in the relevant *Government Gazette* and can be issued for the duration of any single specified organised recreational sport fishing competition. The Application Form must therefore be completed anew for each sport fishing competition and must be submitted to the Department at least **at least 60 (sixty) working days** before the specified recreational sport fishing competition(s).
13. Should the applicant wish to be exempted from complying with any requirements specified in regulations 4 for the granting of a permit, the exemption Application Form must be completed and submitted to the Minister. The Minister shall only issue an exemption if satisfied that granting such an exemption will not result in significant harm to the coastal area, will not seriously affect any rights of the general public to enjoy the coastal area, and is in the public interest, or alternatively in the interest of protecting the environment. The exemption Application Form can be obtained from the web address on Page 1 of this Application Form.

**SECTION B: PROPOSED ACCESS AND ACTIVITY INFORMATION**

Cross out the appropriate box “☒”.

Is the use of a vehicle in the coastal area required to effectively carry out the recreational sport fishing competition?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
If yes, please provide details of how the vehicles will be used and why its use is required:				

--

Is the event for which you are applying an organised recreational sport fishing competition?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
Has the South African Shore Angling Association sanctioned the proposed event and will it be held under the Association's auspices?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
Is the proposed competition a provincial or national competition?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
Have you attached a code of conduct issued by the organisers that regulates the use of vehicles by participants in order to minimize impacts on the environment and the public's use of the coastal area?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
Have you attached a code of conduct issued by the organisers that regulates the catching of fish by participants (e.g. inclusion of measures such as tag and release, measuring of fish, etc.)?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>

**Please note:**

- Proof of payment of the *Gazetted* application fee must be attached to the application as **Appendix B**. A copy of the *Gazetted* fees can be obtained from the Department using the contact details on page 1.
- Written certification that the competition will be held under the auspices of the South African Shore Angling Association and written evidence that the competition is a national or provincial competition must be attached to the application as **Appendix C**
- The code of conduct regulating the use of vehicles and catching of fish by participants must be attached to the application as **Appendix D**
- For the purpose of this application, a "provincial" competition refers to a competition involving competitors who represent at least one of the nine provinces identified in section 103(1) of the Constitution of the Republic of South Africa. A "provincial" competition may also refer to a "province-wide" competition, i.e. a competition in which **all** regions (SASAA Member Associations) of a province compete against one another during a specific event (e.g. in the Western Cape Province this would refer to Western Province, Boland, South Cape and West Coast participating in a two day event).
- For the purpose of this application, a "national" competition refers to a competition involving competitors representing South Africa. A "national" competition may also refer to a "nation-wide" competition in which all provinces or registered SASAA Member Associations compete against one another during a specific event.
- An Environmental Plan for the proposed vehicle use in the coastal area which meets, as a minimum, the requirements of regulation 4(10)(a)(iii) must be attached to the application as **Appendix E**. See the instructions above for guidance on the public participation requirements for the Environmental Plan.

Is a permit, licence or other written permission required from any Organ of State to conduct the fishing competition?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>

**Please note:**

- Where numerous properties are crossed, attach a list of property descriptions and street addresses to the application form.
- GPS co-ordinates (Indicate the position of the proposed access points to and from the coastal area using the latitude and longitude of each access points. The co-ordinates should be supplied in decimal degrees and contain at least 6 decimal places to ensure accuracy one metre. The projection that must be used in all cases is the WGS-84 spheroid in a national or local projection);
- Where numerous access points / routes exist, indicate all possible access points / routes on a map attached as **Appendix F**

Province in whose area of jurisdiction the activity falls.			
Municipality in whose area of jurisdiction the activity falls:			
Closest City or Town:		Distance (km):	

Locality map:	<p>A locality map must be attached to the application as <b>Appendix F</b>. The scale of the locality map must be at least 1:50 000. The scale must be indicated on the map. The map must indicate the following:</p> <ul style="list-style-type: none"> <li>• an accurate indication of the access point(s) requested, all possible alternative access points as well as the areas of intended use;</li> <li>• road names or numbers of all the major roads as well as the roads that provide access to the site(s)</li> <li>• a north arrow;</li> <li>• a legend;</li> <li>• the prevailing wind direction;</li> <li>• property boundaries; and</li> </ul>

**Site Access**

Is there an existing access public road leading to the coastal area?	YES	<input type="checkbox"/>	NO	<input type="checkbox"/>
Provide details:				
Describe the type of access road to the coastal area (for existing access and access to be constructed):				
Does the route within the coastal area (if any) pass through or adjacent to any Protected Area or Marine Protected Area (MPA)?	YES	<input type="checkbox"/>	NO	<input type="checkbox"/>
Provide a brief description:				

**Please Note:** indicate the position of the access road on the locality map (this must be attached as **Appendix F**)

**Land use character of surrounding area**

Please indicate the land use characters surrounding the area and give more details.

- Untransformed area, residential area, nature, or protected area, harbour/ etc

--

**Please note:** The Department may request specialist input/studies depending on the nature of the land use character of the area and impact(s) of the activity(ies).

**APPLICATION HISTORY**

(Cross out the appropriate box “☒” and provide a description where required).

Has an ORV permit for this ORV permit category previously been considered by this Department?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
If so, please give a brief description of the type of the application(s) (In instances where there were more than one application, please list all applications):				

Has any one of the previous application(s) for this ORV permit category been approved or refused?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
If so provide a list of the successful and unsuccessful application(s) and the date of the decision(s):				
Provide detail on the period of validity of decision and expiry dates of the above permit(s):				
For what recreational purpose (if any) is the area of intended vehicle use used by the public:				
Bathing	<input type="checkbox"/>	Fishing	<input type="checkbox"/>	Other (specify) <input type="checkbox"/>
If any of the above applies, indicate the approximate number of people per day per activity:				

**SECTION C: DURATION OF ACCESS REQUIRED**

Please state the date(s) / period for which access is sought below.				
Maximum period allowed in the regulations	YES	<input type="checkbox"/>	NO	<input type="checkbox"/>
Other (please specify):	YES	<input type="checkbox"/>	NO	<input type="checkbox"/>
From (date):	To (date):			
Do any of the above-nominated dates fall within a school holiday period or on public holidays?	YES	<input type="checkbox"/>	NO	<input type="checkbox"/>
If yes, please provide details:				

The duration and frequency of the proposed vehicle use in the coastal area (i.e. the number of times a day vehicular access is sought).

**SECTION D: VEHICLE AND DRIVER DETAILS**

Describe the type(s) of vehicle(s) that is / are to be used in the coastal area (make and registration number(s)):

List all drivers of the abovementioned vehicle(s) to whom this permit application applies:

Please state all measures to be implemented to ensure that disturbance of the coastal environment due to vehicle use is minimised

**Please note:**

- Photographs of the vehicles to be used in the coastal area must be attached as **Appendix G**. Photographs from the front and side of each vehicle must be provided.
- Copies of the driver's licences and identity documents of all drivers must be attached as **Appendix H**

**SECTION E: EFFECT ON THE ENVIRONMENT**

As a general rule vehicle use will not be permitted in areas considered sensitive or inappropriate, including:

- Mangrove forests, dunes, wetlands, saltmarshes, estuaries, river mouths, or any vegetated areas considered sensitive;
- Beaches with unsuitable physical attributes or natural barriers such as steep gradients, rocky headlands

- or outcrops, wave-cut rocky platforms;
- Areas providing habitat for sensitive species such as turtle nesting sites and bird roosting and nesting sites;
- Sites of cultural significance, including archaeological and palaeontological sites, such as shell middens; and
- Protected areas such as coastal parks, coastal nature reserves and marine protected areas.

Proposals to use vehicles in such areas will therefore require adequate motivation.

### FEATURES OF COASTLINE

**FAUNA, VEGETATION AND / OR GROUNDCOVER**

Please note: The Department may request specialist input / studies depending on the nature of the biodiversity occurring on the site and potential impact(s) of the activity(ies). To assist with the identification of the biodiversity occurring on site and the ecosystem status consult <http://bgis.sanbi.org> or [BGIShelp@sanbi.org](mailto:BGIShelp@sanbi.org). Information is also available on compact disc (“cd”) from the Biodiversity-GIS Unit, Tel: (021) 799 8698. This information may be updated from time to time and it is the Applicant / EAP’s responsibility to ensure that the latest version is used. A map of the relevant biodiversity information (including an indication of the habitat conditions as per (c) below) may be provided as an overlay map to the locality map as an appendix to this form. This information may be requested by the competent authority if deemed necessary for making an informed decision on the application.

**SECTION F: RIGHTS OF THE PUBLIC**

As a general rule vehicle use will not be permitted on beaches used by large numbers of people for passive forms of recreation such as bathing and strolling if such vehicle use is considered to pose a threat to the safety of members of the public.

State in detail why the proposed use of a vehicle in the coastal area will not adversely and seriously affect any rights of the general public to safely enjoy the coastal area:

Describe the current uses of the area within which vehicular use is proposed:

**SECTION G: MITIGATION AND MONITORING MEASURES**

**Please Note:** The list below is not exhaustive and may need to be supplemented. Where required, please append the information on any additional impacts to this application.

Please describe the manner in which the vehicle use has impacted (where a permit was previously granted) / will impact on the following aspects:

**GEOGRAPHICAL AND PHYSICAL ASPECTS:**

(e.g. dunes, erosion, degradation of the coastline, estuaries, proximity to the coast, etc.)

## SECTION H: ASSUMPTIONS AND UNCERTAINTIES

Please describe the underlying assumptions of the information supplied:
